

Place bin at the kerb side with handles towards the road

How to use your new
Garden Waste Collection
Service 2011/12

Dear Garden waste customer

First of all, we would like to say a big thank you for using the Malvern Hills District Council's Garden Waste Collection Service. We are looking forward to a productive year.

This service is designed to be easy and convenient; saving you time, energy and effort all of which can be put back into the garden - if you wish. After a long hard day grafting in the garden you can rest assured that all your cuttings, clippings and trimmings will be recycled into an excellent soil improver. Not only will you have helped create a great soil improver for other like minded individuals to use, you will also have helped us to increase recycling across the district. So it's good news all round!

Important Information

- Please keep the materials loose
- Please keep the bin clean and safely stored
- If the bin is contaminated it will not be collected

On your appointed collection day:

- Place the bin out for collection by 7am
- Place the bin at the front of your property nearest the gate or road
- Position the bin with handles facing the road

If you no longer require the service please notify the council on the number below, we will collect the bin, but will not refund the cost of the service.

For any further information or to request this document in another language or alternative format please contact Customer Services on: **01684 862151** or visit **www.malvern hills.gov.uk**
