Working in partnership to offer choice from a range of housing options for people in housing need

Home Choice Plus

Everyone should have the opportunity to live in a decent affordable home. With high house prices and rental prices and a high demand for social housing from councils, housing associations and housing providers, being able to find a home that is affordable can be difficult.

There are options that you may not have considered and it is important to be flexible and to think imaginatively about how to increase your opportunities to find a home.

Here are a few tips

1. Consider staying where you are

There may be a solution to the reason you are looking for a move.

If you have problems paying your mortgage or rent, perhaps through ill health or because you have lost your job, there may be benefits or help that you can access.

If there are repairs that need doing, there may be help available.

There may be help available if you need aids or adaptations due to mobility problems.

If there are problems with your neighbours these may be resolvable.

Speak to your local housing options team to see what solutions may be available to you.

2. Think about renting privately

Finding something in the privately rented sector may be quicker for you and will give you more choice about location and property type.

You can find privately rented accommodation through letting agents, local landlords, local newspapers, shop windows and supermarket community boards. If you are on a low income your local council may have schemes that can assist you with some of the upfront costs required by private landlords and lettings agents.

If you are on a low income and worried about how you will afford the rent, speak to your local housing benefit team to see what help may be available.

3. Find out about low cost ownership

You may not think that you can afford to buy, but there are low cost schemes that may be within reach.

Some are affordable because they allow you to buy a share of your home, and rent the rest of the property from a registered provider, this is called shared ownership.

Shared ownership properties are advertised through the Home Choice Plus scheme, if you are interested in this option you will find more information at www.orbithomebuyagents.co.uk or telephone 03458 50 20 50 (select option 2).

You will also need to register with Home Choice Plus.

Other low cost ownership schemes can be found at www.orbithomebuyagents.co.uk or by contacting your local housing options team.

4. Check Homeswapper and the Mutual Exchange Register

If you already rent from a housing provider you may have a better chance of moving quickly by exchanging your home with another tenant.

Most housing providers in the Home Choice Plus partnership are signed up to the Homeswapper scheme, you can access this free of charge - check at www.homeswapper.co.uk.

You will need to check with your own housing provider to find out if they will agree to you moving, there may be a charge for gas and electric checks.

Search online for tenants who live in the type of property you are interested in and look to see if that tenant is looking for a property similar to yours.

5. Check Home Choice Plus

You may be successful with finding a home through one of the registered providers via Home Choice Plus. There is further information throughout this booklet about how to apply and how to bid for properties which are available through the Home Choice Plus scheme.

6. Look in different areas and consider another property type

Expand the areas where you want to live; some areas are very popular and the opportunities of finding accommodation there is limited. Only considering one type of home can also limit your opportunities. The more areas and types of accommodation you consider, the more options you have.

7. Improve your prospects

The options available to you may be limited financially if you are currently unemployed or are in a low paid job. Your options may increase if you are able to find work or sign up for a training course.

Job Centre Plus can give you advice on this, call 0845 6060 234.

If you have debts or money worries contact the Citizens Advice Bureau to get advice on budgeting and how to manage your debts - www.citizensadvice.org.uk and search for your local office.

Most housing associations/registered providers will not offer you a property if you have outstanding housing related debts, like rent arrears.

What is Home Choice Plus?

Home Choice Plus has been designed to make the allocation of affordable housing more simple and transparent across the Home Choice Plus area.

Home Choice Plus has been developed by a number of local authorities, housing associations and registered providers working in partnership and is a way of allocating affordable housing and advertising other housing options across the participating local authority areas.

The advantage is that you only register once and the scheme allows you to view and bid on available properties, which you are eligible for across all of the districts in the partnership area.

This booklet explains how to look for housing across all of the districts involved in this scheme.

The Home Choice Plus area contains the following Districts:

Bromsgrove

Malvern Hills

Stratford -on- Avon

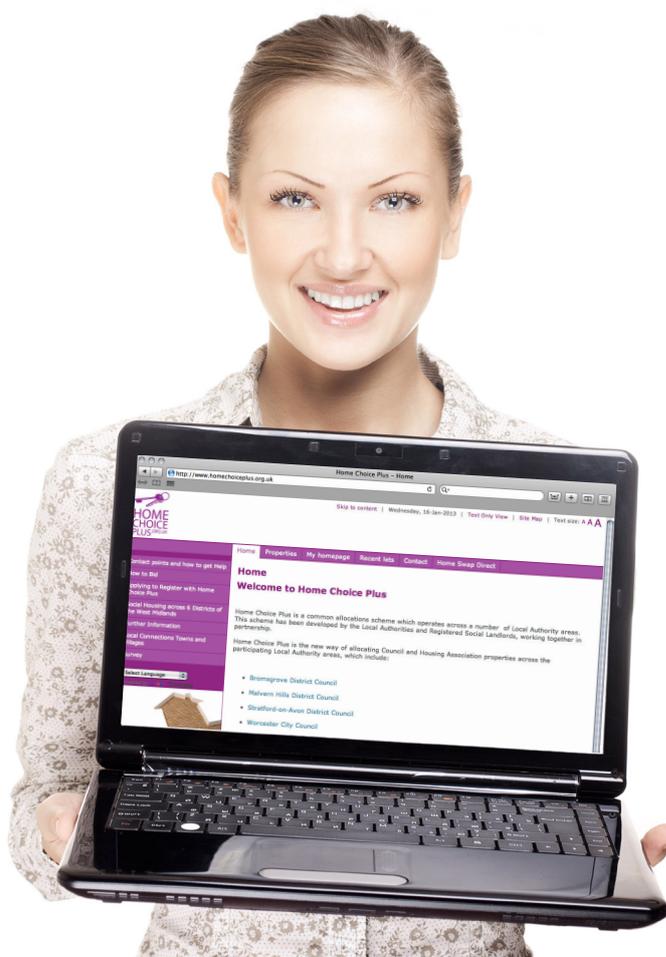

Worcester City

Wychavon

Wyre Forest

Who is eligible to join the Home Choice Plus register?

- Some people travelling to the United Kingdom from abroad are not entitled to housing association/ registered provider accommodation on the basis of their immigration status.
- You must be over the age of 16 to apply to join. However, some housing associations/registered providers may not consider you for a tenancy if you are under the age of 18, please contact your local housing department to discuss your options further.

The Home Choice Plus process

1

You register with Home Choice Plus by filling in a housing application form.

2

Once we have registered you, we will send you confirmation of your registration number and the band you have been placed in.

3

Housing association/registered provider properties will be advertised each week on the website and at all contact points.

4

You can make up to 3 bids per week, as long as you match what the advert asks for.

5

The applicant with the highest priority, who is eligible for the property and who has been in the relevant band the longest will be put forward for the property, unless local occupancy requirements or a local lettings plan are in place.

6

The successful applicant will be contacted by the housing association/registered provider and asked for information such as proof of identity. A viewing will be arranged and if you accept an offer will be made. You will need to act quickly.

What happens next?

When we have received your fully completed application form, we will register your details and send you a letter confirming your personal registration number, date of registration and the banding you have been placed into.

Your responsibilities once accepted onto Home Choice Plus

Tell us if there are any changes in your circumstances, either online, by phone or in writing, changes may include:

- A change in your contact details
- Birth of a child
- Medical reasons
- Someone moves in or out of your household
- If your or your partner's income changes

We will remove you from Home Choice Plus if you:

- Ask to be removed
- Change address and do not tell us
- Do not contact us when we ask you to do so
- Do not make a bid within two years

How does the banding system work?

When we have received a fully completed application form, your housing need will be assessed and you will be placed in the relevant band. If further information is required we will write to you. We will place you in bronze or bronze plus band until the information is received. You will still be able to bid for properties. Evidence will be collected and checked before households are placed into a higher band.

Please note: If there is a significant change in your circumstances, which results in a higher banding being awarded, then your waiting time on the list will be effective from the date the band changed.

If you have multiple housing needs, this may be reflected in the band you are given.

If there is a significant change of circumstances, which results in a higher band being awarded, then your waiting time on the list will be effective from the date the band changed.

Local connection

We regard Local Connection for banding purposes as indicated below:

- Those who are normally resident in the local authority area - Local Government Association guidelines define this as having resided in the area for six out of the last twelve months, or three out of the last five years, where residence has been out of choice.
- Those who are employed in the local authority area – Local Government Association guidelines define this as employment other than of a casual nature.
- Those who have family connections in the local authority area- Local Government Association guidelines define this as immediate family members who have themselves lived in the area for five years or more.

Local Connection is defined in Part VII of the Housing Act 1996

Reduced banding

This band may be used for households with a medium or high housing need where their banding is reduced for one of the following reasons.

This decision will be reassessed by the local authority or their agent after a period of six months, or upon the applicant's request at any time.

1. Financial resources – applicants who are judged to have sufficient financial resources available to them to meet their housing needs; e.g. applicants who have a household income of more than £60,000 per annum and or savings, capital, assets or equity of £50,000 or more.

2. Deliberately worsening housing circumstances – where there is evidence that an applicant has deliberately worsened their circumstances in order to qualify for a higher banding on Home Choice Plus, their banding will be reduced; e.g. where an applicant has surrendered their tenancy, which was reasonable to occupy, against the advice of the housing advice/options officer, or where an applicant has moved to a property that was smaller than their requirements for no good reason.

3. Housing related debts – where households have housing related debts, owed to a council or housing association/housing Provider. These include former housing association/registered provider or council tenancy arrears but exclude those owed to a mortgage company or private landlord. The applicant will be encouraged to make arrangements to pay. The reduced band will apply until a repayment arrangement has been made, with regular payments being maintained and/or the debt being cleared in full.

4. Anti-social behaviour and other tenancy breaches - where there has been a breach of tenancy such as anti-social behaviour, or due to the property condition and where formal legal action has commenced. The local authority will expect the landlord, where the problems have occurred, to demonstrate they have taken reasonable steps to resolve the issue prior to the reduced banding being given.

5. No bidding or refuses offers of accommodation - where applicants in Gold Plus, Silver Plus, Gold and Silver bands have failed to place bids, or have placed successful bids but refused properties for no good reason and there is evidence that properties that would suit their needs have been advertised on Home Choice Plus. Their banding will be reviewed within the set time period (see over) and they will be placed in the reduced banding category.

How do I 'bid' for a property?

If you do not bid for properties you cannot be considered for them, so it is important to be active in the Home Choice Plus scheme.

How do I make a bid?

You can make a bid in a number of ways. To make a bid you will need to have details of your personal registration number, your memorable date and the property reference number(s).

If you see a property that you are eligible for you can ask a friend, relative or any other helper to make a bid on your behalf.

Don't be worried about the word 'bid'; you won't be parting with any money. All this means is that you are actively interested and wish to be considered for the property or properties you are applying for.

You can only bid for properties where you match what the advert asks for.

For example, the property advert states 'suitable for a couple and two children only', regardless of your banding if you are a couple with two children you can bid for that property. Please read the advert carefully.

Housing associations and registered providers may advertise properties as giving preference to existing tenants, certain types of household or those applicants above a certain age. Local lettings plans and local occupancy restrictions may be applied by housing associations/registered providers.

When can I bid for a property?

How many properties can I bid for?

The properties will be advertised for one week and you can make up to 3 bids in any one weekly bidding cycle, **as long as you match what the advert asks for.**

Please note you can bid at any time within the bidding cycle and the system will place you on the shortlist.

You can remove and replace your bids at any time throughout the cycle. Your position may change as other people add and remove bids.

I am a tenant of a housing association or registered provider can I still bid for properties?

If you are an existing tenant, seeking a move, you can register with Home Choice Plus.

You will be expected to have a clear rent account and your home must be in good order.

False statements and withholding information

Anyone making false applications may be liable for prosecution.

This scheme falls within the provisions of Part VI of the Housing Act 1996. Section 171 of the Act states:

- 1) A person commits an offence if, in connection with the exercise by the local housing authority of their functions under this Part –
 - a) He knowingly or recklessly makes a statement which is false in material particular, or
 - b) He knowingly withholds information which the authority has reasonably required him to give in connection with the exercise of those functions.

Where section 171 applies, a relevant partner of Home Choice plus may bring prosecution and the applicant may be excluded from the register.

How do I bid...?

If your bid is successful

Properties for which you are eligible will be offered to the person in the highest relevant band and who has been registered the longest within that band, unless there is a local occupancy requirement or local lettings plan. If your bid is successful you will then be contacted by the relevant housing association or registered provider.

The relevant housing association or registered provider will carry out appropriate checks, which may include;

- Asking for proof of identification
- Asking for proof of income
- Arranging a home visit

It is important that you provide information as quickly as possible when asked for it. If you delay, it may result in a property being offered to someone else.

Once they are happy with your application, a viewing will be arranged and a date to sign for the tenancy will be agreed.

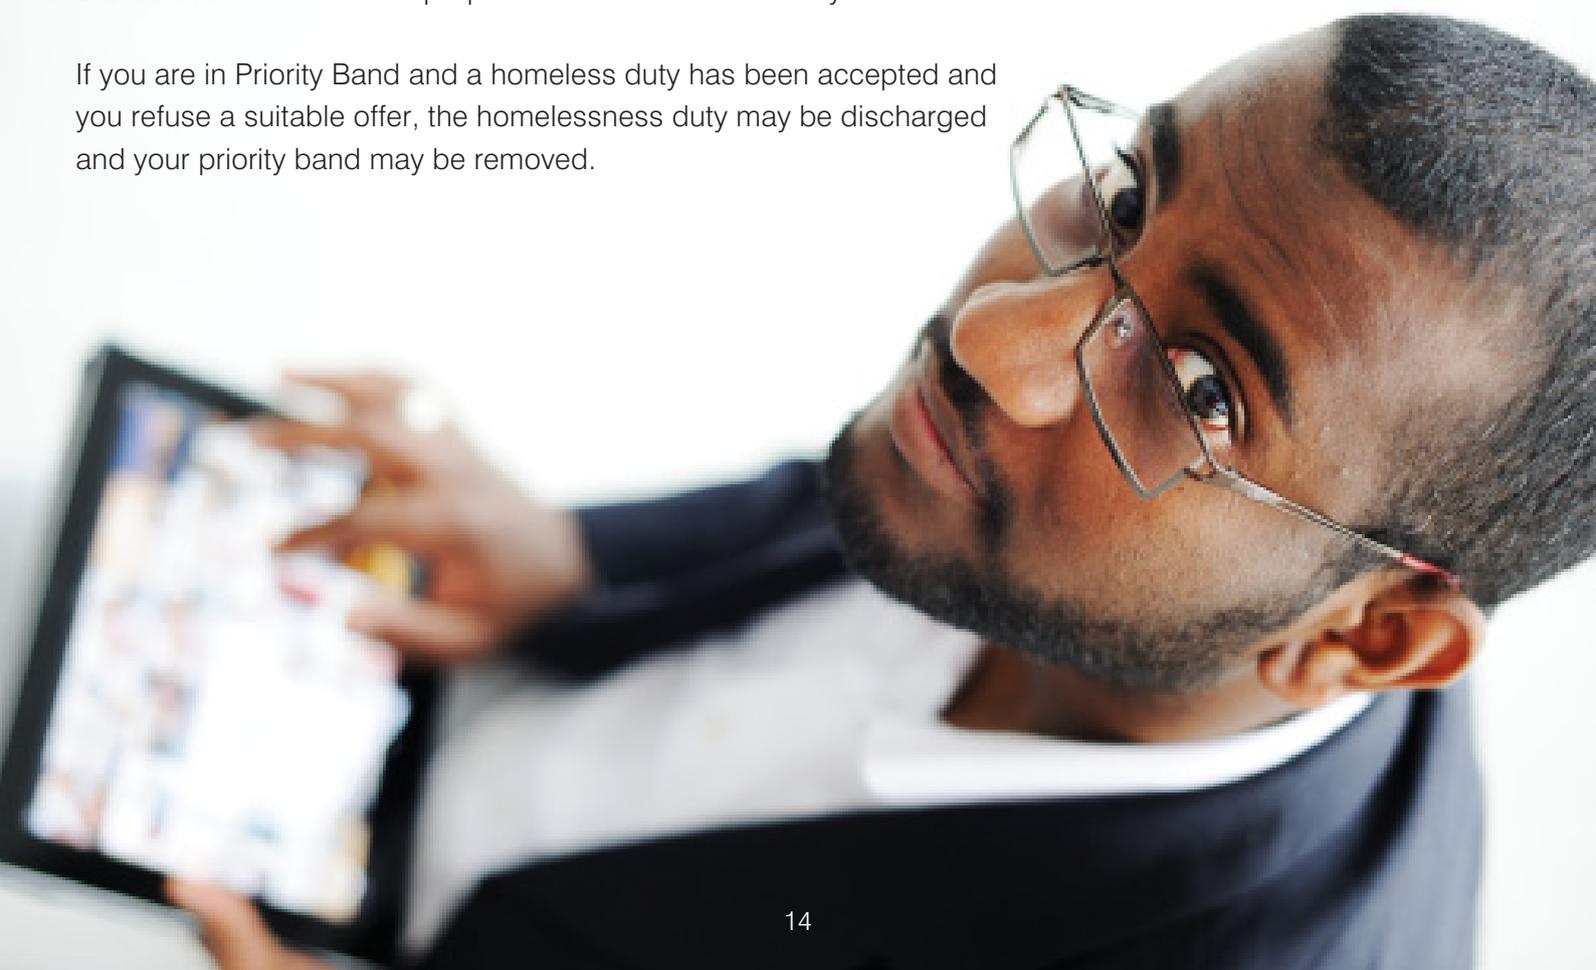

Note: If you are offered a property you will not be short-listed for other properties until you decide to either accept or refuse the offer.

The results of the successful bidder's banding and date of registration in that banding, for each week will be advertised on the web site www.homechoiceplus.org.uk

What if I refuse a property?

If the housing association or registered provider offers you a property and you refuse this may affect your banding. You may be placed into the reduced band if you qualify for Gold Plus, Gold, Silver Plus or Silver Bands and refuse suitable properties which are offered to you.

If you are in Priority Band and a homeless duty has been accepted and you refuse a suitable offer, the homelessness duty may be discharged and your priority band may be removed.

Compliments, reviews and complaints

If you wish to send a compliment in to Home Choice Plus, please contact the relevant office.

If you disagree with a decision made on your application to Home Choice Plus you have a right to request a review of that decision from the owning local authority or its agent within 21 days of the date of the decision letter.

If necessary, applicants can appoint an advocate to work on their behalf and once appointed, the Home Choice Plus partner will deal directly with the advocate. The applicant should request an internal review within 21 days of the date of the decision letter.

Applicants have the following further and specific rights to information about decisions and rights of review of decisions:

- the right, on request, to be informed of any decision about the facts of their case which has been, or is likely to be, taken into account in considering whether to make an allocation to them
- the right, on request, to review a decision mentioned above, or a decision to treat them as ineligible due to immigration controls or unacceptable behaviour serious enough to make them unsuitable to be a tenant
- the right to be informed of the decision of the review and grounds for it.

The applicant will be notified of the outcome of the review including the reasons if the original decision is confirmed. We will aim to determine the review within 56 days of the request or such longer period as may be agreed with the applicant.

The applicant will also have the right to seek judicial review, make a formal complaint through the Local Authority's complaints procedure (please see below) or to the Local Government Ombudsman.

Reviews will be carried out by a senior member of staff within the Home Choice Plus partnership or delegated to an appropriate organisation and an officer who was not involved in the original decision

Complaints

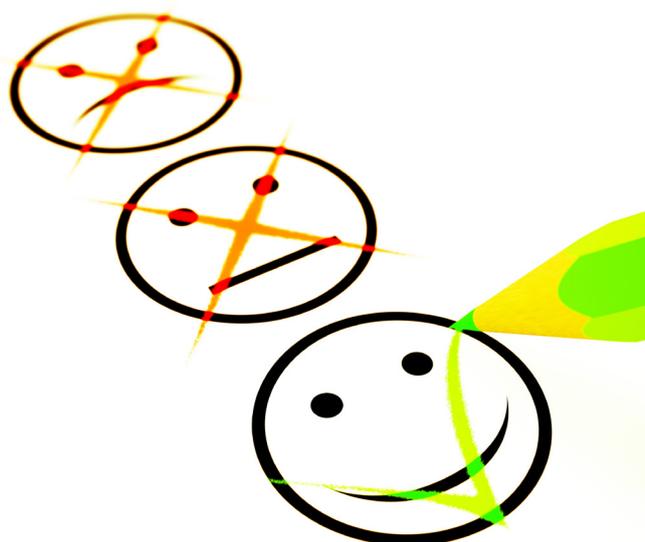

An applicant who is not satisfied with the service that they receive may register a complaint with the appropriate Home Choice Plus partner by telephone, e-mail or in person.

All complaints will be acknowledged and investigated.

Where the complaint concerns an issue with the letting of a property, the applicant should address their complaint directly to the relevant housing association or registered provider and follow that organisation's complaint procedure.

You can ask someone else or an organisation such as Citizen's Advice Bureau to make a complaint on your behalf.

For those whose first language is not english, assistance can be made available.
