

Polling station feedback:

- Ascension church hall seemed fine.
- Why have you moved our polling station from the east to get to Trinity Hall at Link Top to the Council House which is a pain with minimal parking available?
- The Hill Centre, Upton Very satisfactory inside and lots of parking outside.
- I'm in Poolbrook & the Polling Station here is at St Andrews Church which is really lovely. Plenty of parking and staffed by polite, helpful, friendly & welcoming people.
- I thought that the Malvern Wells station was really good indeed.
- Council issued ID certificate was disputed as the polling staff did not recognise it as they have never seen one before.
- L&b memorial hall which is closer than l&,b primary school is brilliant for us and doesn't mean the school has to close for a day.. even though kid's win.
