1. Background to the Review

Under the Representation of the People Act 1983, the council has a duty to divide its area into polling districts and to designate a polling place for each district for Parliamentary elections. The arrangements made for parliamentary elections are also used at other elections, and the council must keep the arrangements under review.

2. Boundary changes

The Local Government Boundary Commission (LGBC) recently completed its review of the district wards in Malvern Hills. The review looked at the number of councillors, the number of electors represented by each councillor, and the size and boundaries of each ward. The LGBC has reduced the number of councillors on the district council from 38 to 31, the number of wards has been reduced from 22 to 18. There have also been changes to the ward boundaries and some parish council wards. Further information about the review can be found at [Malvern Hills | LGBCE Site](#)

Each ward is divided into polling districts which are geographical areas of voters who vote at a polling stations within a designated polling place. As a result of the changes to the ward boundaries, a review of polling districts and polling places must now take place to ensure the polling districts are appropriate and the polling places are convenient and accessible.

3. Definitions

“Polling districts” are geographical electoral areas into which wards and constituencies may be sub-divided. In areas with parishes, each parish or parish ward should be its own polling district.

“Polling places” are the buildings or areas designated by the council where electors in a polling district go to vote in person.

The polling place should in normal circumstances be situated within the polling district for which it is designated, but in some circumstances, for example where no suitable polling place can be found, then the polling place may be designated outside the polling district.

“Polling stations” are the number of issuing desks in the building that is the designated polling place, which generally range from one to three. The Returning Officer determines the number of polling stations depending on the electorate at a particular election. Wherever possible there should be no more than 2,500 electors (excluding postal voters) allotted to a polling station.

4. The Review Process

A preliminary review has been undertaken by council officers to inform the proposals now set out in the representations of the (Acting) Returning Officer (ARO). The proposals have been included in this consultation paper and the council invites comments on these proposals.

This proposal will:

- Identify polling district boundaries
- Identify suitable polling stations and polling places which are accessible to all electors within the polling district and available for hire
- Identify polling places and stations which are accessible to voters with disabilities in line with the requirements of the Elections Act 2022
- Have due regard for the number of electors allocated to each polling station
- Ensure polling stations and places have suitable facilities for voters and staff
- Try and minimise disruption to schools. It should be noted that the Returning Officer is entitled to use schools and academies free of charge. However, where alternative premises exist which can provide better facilities for voting, they may be considered.
- To minimise any inconvenience to voters where polling district boundaries are altered as a result of the ward boundary changes.

The council is required to publish a notice of the holding of a review. Information about the review is made available on the council's website. The consultation paper will be sent to councillors, the Member of Parliament for West Worcestershire, local political parties, parish councils, and any other interested groups or persons, including those who have particular expertise in relation to access to premises or facilities for persons who have different forms of disability.

5. No proposed changes

All polling districts, polling stations and polling places have been assessed. Within the review, there is no requirement to make any changes if the current arrangements are considered to be suitable.

Polling District Boundaries: where the ARO has proposed no changes are made to a polling district boundary the ARO considers the current boundaries are well defined, for example they follow natural geographical features or roads. There are suitable transport links within the polling district, in many rural areas these links are main roads. There are considered to be no major obstacles preventing electors from reaching their polling place, such as rivers. Steep hills are an unavoidable obstacle in many areas of the district.

Polling Places: Where the ARO has recommended no changes be made to the polling place the ARO considers the polling place to be in a reasonable, accessible location, of an adequate size to accommodate all eligible electors, available, accessible, and comfortable for our staff. Wherever possible the ARO will designate a polling place within a polling district however this is often not possible in rural areas due to the size of the electorate and availability of suitable buildings. All polling stations were personally inspected by Elections Officers to assess their suitability.

Polling Stations: Where the ARO recommends no changes are made, the polling station is considered to be suitable for the number of voters and staff working at the station. Some smaller stations are combined into one, particularly in small parishes

where the elections are often uncontested. This has historically worked well in Malvern Hills and allows for cost effective allocation of staff and equipment. The ARO/RO reviews electorate allocations before each election and after the close of nominations.

6. Polling Place Accessibility

The Returning Officer has a general responsibility to take all reasonable steps to support voters with disabilities (Elections Act 2022). The Electoral Commissions draft guidance for Returning Officers: Assistance with voting for persons with disabilities will be considered when determining the suitability of polling places and stations.

The accessibility of each station will be graded from 1 to 3.

1: Fully accessible building: level access throughout building (no steps), disabled parking spaces, good lighting, large enough to accommodate adequate polling booths and privacy screens with disabled access

2: Partially accessible: details provided under “(Acting) Returning Officer’s Comments and Proposals”

3: Poor accessibility: details provided under “(Acting) Returning Officer’s Comments and Proposals”

The Acting Returning Officer will, wherever possible, only designate grade 1 buildings as polling places and stations. However, in many places it is not always possible to find a suitable alternative venue. Accessibility and the location of the station must also be considered.

7. Private Spaces

The Elections Act 2022 introduces the requirement for voters to show photo ID before a ballot paper is issued to them. A private space must be provided for voters to present their ID if requested. As part of this review the ARO has assessed the availability of private spaces in polling stations.

8. Making Comments

The council welcomes proposals and comments from any voters, groups or organisations within the constituency. Comments from voters with a disability or groups supporting people with disabilities are particularly welcome. **The deadline for the receipt of comments is 25 October 2022.** Comments and representations may be submitted as follows:

Online survey: <https://www.smartsurvey.co.uk/s/PollingReview22/>

By post: Electoral Services, Malvern Hills District Council, The Council House, Avenue Road, Malvern, WR14 3AF. The sheet on appendix 1 may be used for submitting your views.

9. The Review Timetable

Action	Date
Final recommendations published	16 September 2022
Statutory instrument made	<i>Date to be announced</i>
Publication of Notice of Review	27 September 2022
Publication of Acting Returning Officer comments	27 September 2022
Consultation period starts	27 September 2022
Stakeholders contacted	27 September 2022
Consultation period ends	25 October 2022
Publication of consultee responses and (A)RO comments	21 November 2022
Final recommendations considered at full council	29 November 2022
Publish revised register with new wards	1 December 2022
Electoral Register available to candidates	27 March 2023
District and Parish Council elections	4 May 2023

10. Completion of the Review

The council will publish:

- The results of the review
- The minutes of council meetings concerning the review
- All correspondence received in connection with the review
- All representations made by any person in connection with the review

A revised copy of the Electoral Register will be published on Thursday 1 December 2022. A copy of the revised register will be made available to candidates from 27 March 2022.

11. Role of the Electoral Commission

The council will follow guidance issued by the Electoral Commission in undertaking the review. The Electoral Commission may review the decisions made by this review upon receipt of representations.

The following people can make representations to the Electoral Commission:

- 30 or more registered electors
- any person who made comments during the review
- any parish council or parish meeting for the area
- any non-electors who the Commission feels has sufficient interest in the accessibility of disabled persons

The Electoral Commission has the ability to direct the council to make alterations to polling places if it thinks that is necessary.

12. List of New Wards

Ward Name	Number of Councillors
Alfrick, Leigh and Rushwick	2
Baldwin	2
Barnards Green	3

Upper Howsell	1
Upton & Ripple	2
West	2
Total	31

A map of the new wards can be found online at www.lgbce.org.uk/all-reviews/west-midlands/worcestershire/malvern-hills

Polling station scheme and Returning Officer's proposals

Electorates as at 1 August 2022

Alfrick, Leigh and Rushwick								
The new Alfrick, Leigh & Rushwick ward is formed from the previous Alfrick & Leigh ward without the parishes of Knightwick and Doddenham, with the addition of Rushwick parish. The whole ward, except Rushwick parish, are part of the Malvern Link County Division. Rushwick is part of Hallow Division.								
Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate	Polling Place	Polling Station	Accessibility (1 – 3)	Changes due to boundary review	New Polling Place
AFL8	ALR1	Suckley	476	Suckley Village Hall	Single	1	District ward name change, no boundary or polling station change	No change
AFL1	ALR2	Alfrick	465	Alfrick Village Hall	Single (combined with ALR6)	1	District ward name change, no boundary or polling station change	No change
AFL6	ALR3	Leigh Hurst (part of Leigh parish)	472	Leigh and Bransford Memorial Hall	Single (combined with ALR5)	1	District ward name change, no boundary or polling station change	No change
AFL7	ALR4	Leigh Sinton (part of Leigh parish)	810	Leigh and Bransford	Single	1	District ward name change, no boundary	No change

				Primary School			or polling station change	
AFL2	ALR5	Bransford	399	Leigh and Bransford Memorial Hall	Single (combined with ALR3)	1	District ward name change, no boundary or polling station change	No change
AFL5	ALR6	Lulsley	116	Alfrick Village Hall	Single (combined with ALR2)	1	District ward name change, no boundary or polling station change	No change
BRH4	ALR7	Rushwick	1111	Rushwick Village Hall	Single	1	Parish of Rushwick now part of Alfrick, Leigh and Rushwick district ward rather than Broadheath district ward. Rushwick is part of Hallow County Division.	No change

Alfrick, Leigh & Rushwick

(Acting) Returning Officer's Comments and Proposals

No polling district boundaries, polling places or polling stations have changed following the district ward boundary review. Rushwick parish, wholly contained within the previous polling district ALR7 (previously BRH4) has joined the new ward but the polling district, place and station remain the same.

Consideration was given to merging the polling districts ALR3 & ALR4 (previously AFL6 & AFL7, both Leigh parish), and allocating Leigh and Bransford Memorial Hall as the polling place/station for these polling districts. The proposal would see voters allocated to the Memorial Hall along with ALR5 (previously AFL2) Bransford parish who also vote at the station. This proposal would avoid the use of Leigh and Bransford Primary School, minimising the disruption to education polling day may cause. However, Leigh and Bransford memorial hall is not conveniently located for electors from the urban area of Leigh Sinton. The road from Leigh Sinton to the Memorial Hall has a 60mph speed limit and no footpaths or lighting, the walk would take around 20 minutes. The ARO notes that unscheduled polls may disrupt the education of pupils at Leigh and Bransford Primary School, however the station is accessible and conveniently located for electors in the polling district. Suggestions for alternative venues are sought as part of this review.

Electors from ALR3 Leigh Hurst & ALR5 Bransford (previously AFL6 & AFL2) vote outside of their polling district as no accessible polling place can be found within their districts. The Bank House Hotel located within ALR5 Bransford is used as the Count venue so is unavailable for use of a polling station.

An elector from ALR5 Bransford contacted the ARO to raise concerns about the convenience and environmental impact of travelling from the south of ALR5 to Leigh and Bransford Memorial Hall, past Leigh and Bransford Primary School. Consideration was given to splitting the ALR5 polling district however there are too few electors to the south of the district to form an additional polling station at Leigh and Bransford First School, the electorate size of the existing polling station there mean it is not practicable to combine the stations.

The polling district boundary between AL3 & ALR4 (previously AFL6 & AFL7) follows Leigh brook and a public footpath, the ARO considers this to be a natural boundary which continues to be a suitable division of Leigh parish. All polling stations are suitably accessible and have private spaces available.

Baldwin

The new Baldwin ward is formed from parishes from the old Teme Valley, Woodbury and Baldwin wards. The new Baldwin ward differs significantly from the previous Baldwin ward.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
TMV4	BLW1	Lower Sapey (PM)	151	Clifton Upon Teme Village Hall	Single (combined with BLW2)	1	Polling district coterminous with parish boundary, parish in new ward	No change
TMV1	BLW2	Clifton on Teme	638	Clifton Upon Teme Village Hall	Single (combined with BLW1)	1	Polling district coterminous with parish boundary, parish in new ward	No change
TMV7	BLW3	Shelsley Walsh	17	Shelsleys Village Hall	Single (combined with BLW4 & BLW5)	1	Polling district coterminous with parish boundary, parish in new ward	No change
TMV5	BLW4	Shelsley Beauchamp	183	Shelsleys Village Hall	Single (combined with BLW3 & BLW5)	1	Polling district coterminous with parish boundary, parish in new ward	No change

TMV6	BLW5	Shelsley Kings	157	Shelsleys Village Hall	Single (combined with BLW4 & BLW3)	1	Polling district coterminous with parish boundary, parish in new ward	No change
WDY2	BLW6	Great Witley	578	Great Witley Village Hall	Single (combined with BLW8)	1	Polling district coterminous with parish boundary, parish in new ward	No change
WDY1	BLW7	Abberley	575	Abberley Village Hall	Single	1	Polling district coterminous with parish boundary, parish in new ward	No change
WDY3	BLW8	Hillhampton	119	Great Witley Village Hall	Single (combined with BLW6)	1	Polling district coterminous with parish boundary, parish in new ward	No change
WDY4	BLW9	Little Witley	242	Little Witley Village Hall	Single	1	Polling district coterminous with parish boundary, parish in new ward	No change
BLW3	BLW10	Shrawley	356	Shrawley Village Hall	Single	1	Polling district coterminous with parish boundary, parish in new ward. Polling district within Hallow County division	No change
BLW1	BLW11	Astley and Dunley	842	Astley and Dunley Village Hall	Single	1	Polling district coterminous with parish boundary, parish in new ward. Polling district within Hallow County division	No change

Baldwin

(Acting) Returning Officer's Comments and Proposals

The new Baldwin ward is formed from small parishes which are each contained within a single polling district. Four polling districts vote outside of their district at the closest suitable venue. Several areas are combined into a single polling station due to the small electorate size. Consideration was given to combining the stations further, however this is not convenient due to the rural nature of the ward and the County division boundary. No polling district boundaries, polling places or polling stations have been changed.

All polling stations are suitably accessible and have private spaces available.

Barnards Green

The new Barnards Green Ward is formed from the old Chase Ward with the addition of the southern part of the old Pickersleigh Ward. The additional area is defined by the Local Government Boundary Commission (LGBCE) as the new Pound Bank Ward of Malvern Town Council. The Pound Bank Ward of Malvern Town Council forms part of the Malvern Langland County Division. The rest of the new Barnards Green Ward, formally the Chase Ward area, forms part of the Malvern Chase County Division. The Chase ward is also part of the Malvern Hills Trust.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MCH1	MBG1	Malvern Town (Chase)	831	Christchurch Hall	Single	1	Polling district in new ward	No change
MCH2	MBG2	Malvern Town (Chase)	2378	St Andrews Church Centre	Double	1	Polling district in new ward	No change
MCH3	MBG3	Malvern Town (Chase)	1150	Christchurch Hall	Single	1	Polling district in new ward	No change
MPK1 (part)	MBG4	Malvern Town (Pound Bank)	1667	St Marys Church Hall	Double (shared with MPK2 before boundary review)	1	New polling district formed from MPK1 with additional parts of the previous MPK3 and MPK2 polling districts	No change – see below

Barnards Green

(Acting) Returning Officer's Comments and Proposals

The boundaries, polling place and polling station for MGB1, MGB2 and MGB3 have not changed. The current boundaries split the electorate into broadly equal amounts with MGB2 split between a double polling station. The number of electors in MBG1 is expected to increase due to a large housing development on the former QinetiQ site. This polling district has room for growth and will be reviewed at the scheduled polling district, place and station review in 2024. Christchurch hall is unavailable at short notice, the ARO welcomes suggestions for alternative venues for the MBG1 polling district. At recent by-elections electors from MBG1 have been successfully voting at The Council Chamber, however the room does not have capacity at larger elections when other stations are situated at the venue.

The polling district MBG4 Pound Bank has been formed from the old MPK1 polling district, several properties to the south of Madresfield Road have moved into the ward from MGM3 and MPK2 (previously MPK2 and MPK3) following the LGBCE's final recommendations. The properties are shown on figure 1 below, the red line shows the new ward boundary. The ARO proposes that electors from MBG4 continue to vote at St. Mary's Church Hall. This polling station will become a single station due to the size of the electorate and different town ward, district ward and division from the surrounding polling districts.

All polling stations are suitably accessible and have private spaces available.

Left: Barnards Green: Polling Districts before review.
New ward Boundary shown in Red.

Right: New Barnards Green Ward and Polling Districts

Broadheath

The new Broadheath Ward is formed from the single parish of Lower Broadheath. The new ward is significantly smaller than its predecessor.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
BRH3	BRH1	Lower Broadheath	1492	Broadheath Memorial Hall	Single (was combined with MTL1)	1	Polling district in new ward	Broadheath Memorial Hall single station, MTL1 moved to Wichenford memorial hall

Broadheath

(Acting) Returning Officer's Comments and Proposals

The boundaries of the Lower Broadheath polling district BRH1 (previously BRH3) have not changed due to the parish being wholly within the polling district. The polling station, Broadheath Memorial Hall, was previously combined with MTL1 Kenswick. The ARO proposes that the polling place for MTL1 Kenswick move to Wichenford Memorial Hall to ensure electors are voting with the rest of their ward and reduce the risk of administrative errors.

All polling stations are suitably accessible and have private spaces available.

Castlemorton, Welland & Wells

The new Castlemorton, Welland & Wells ward combines the previous Wells and Morton Wards, Birtsmorton Parish moves into the new Longdon Ward. The ward is split between the Malvern Chase and Powick County Divisions. The Malvern Wells polling districts CMW1, CMW2 & CMW3 form the Malvern Wells ward of Malvern Hills Trust.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MRT3	CMW4	Welland	1185	Welland Village Hall	Single	1	Polling district coterminous with parish boundary, parish in new ward	No change
MRT2	CMW5	Castlemorton	519	Castlemorton Village Hall	Single (combined with MRT1 now LGD8)	1	Polling district coterminous with parish boundary, parish in new ward	No change – see below
MWL1	CMW1	Malvern Wells (All Saints) Malvern Hills Trust (Wells)	1183	The Wych Institute	Single	1	Polling district coterminous with parish ward boundary, parish in new ward	No change
MWL2	CMW2	Malvern Wells (St Peters) Malvern Hills Trust (Wells)	1330	Malvern Wells Village Hall	Single (combined with CMW3 was MWL3)	1	Polling district coterminous with parish ward boundary, parish in new ward	No change

MWL3	CMW3	Little Malvern Malvern Hills Trust (Wells)	36	Malvern Wells Village Hall	Single (combined with CMW2 was MWL2)	1	Polling district coterminous with parish boundary, parish in new ward	No change
------	------	--	----	-------------------------------	---	---	--	--------------

Castlemorton, Welland & Wells

(Acting) Returning Officer's Comments and Proposals

The polling district boundaries and polling places have not changed due to the boundaries being coterminous with the parish and parish ward boundaries. The polling stations remain the same for all districts except CMW5 Castlemorton where the station will become an uncombined single station.

The polling place for Castlemorton CMW5 (previously MRT2) is usually combined with LGD8 Birtsmorton (previously MRT1). However, electors from LGD8 will be moved to Berrow and Pendock Village Hall and combined with Berrow LDG1 to ensure they are voting with other electors from their ward and to prevent administrative errors.

All polling stations are suitably accessible and have private spaces available.

Great Malvern

The new Great Malvern District Ward is formed from the old Priory Ward and the western side of the old Pickersleigh District Ward. A small area to the north of the old Priory Ward, now known as Lygon, has moved to the new Link ward. The Lygon area forms a new Malvern Town Council Ward. The Lygon Ward is part of the Malvern Langland County Division with the rest of the new Great Malvern Ward.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MPR1/MPR3	MGM1	Malvern Town (Great Malvern) Malvern Hills Trust (Priory)	1784	The Council Chamber	Double	1	MPR3 (part) and MPR1 merged	The council house
MPR2	MGM2	Malvern Town (Great Malvern) Malvern Hills Trust (Priory)	1283	The Council Chamber	Double	1	Change to district ward	No Change
MPK3 (part)	MGM3	Malvern Town (Great Malvern) Malvern Hills Trust (Pickersleigh)	836	Barnards Green Cricket Club	Single – see below	1	The polling district MPK3 has been split into east MPK1 and west MGM3 along the new district ward boundary	Malvern Evangelical church (<i>New Station</i>)

Great Malvern

(Acting) Returning Officer's Comments and Proposals

The polling district boundaries, polling place and stations for MGM1 & MGM2 (previously MPR1 & MPR2) have not changed. The previous polling district MPR3 has been split between the new Lygon ward of Malvern Town Council which is within the new Link District Ward and the new Great Malvern Ward. The ARO proposes that the remainder of the previous polling district MPR3 is merged with MGM1 and will vote at The Council House. This creates a larger polling district with 1784 electors but means the electors vote with the rest of their ward, parish ward and County division. The polling station is accessible and large enough to accommodate an increase in electorate.

A new polling district has been created for the part of Pickersleigh Ward (MPK3) which moves into Great Malvern District Ward and Great Malvern Town Ward following the LGBCE's recommendations. The trainline will continue to form a natural boundary between the new polling district and the rest of the ward, the new polling district will contain 836 electors and the ARO proposes that a new polling place, Malvern Evangelical Church, will be used. Malvern Evangelical Church is conveniently located within the new polling district and is a modern and well-known venue. A site visit and assessment of the premises will be conducted prior to these changes being presented to the full council meeting on 29 November 2022.

The ARO considered allocating Grove Primary School as the polling place for MGM3 however the use of schools is avoided wherever possible.

All polling stations are suitably accessible and have private spaces available.

Left: Polling districts prior to the review

Right: new polling districts

Hallow & Holt

The new Hallow & Holt Ward is formed of the old Hallow Ward with the addition of Holt parish from the old Baldwin Ward. All parishes vote in the Hallow County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
BLW2	HHT1	Holt	533	Holt Village Hall	Single	1	Parish added to new ward	No change
HLW1	HHT2	Grimley	520	Grimley Peace Hall	Single	1	Parish added to new ward	No change
HLW2	HHT3	Hallow	1141	Hallow Parish Hall	Single	1	Parish added to new ward	No change

Hallow & Holt

(Acting) Returning Officer's Comments and Proposals

The ARO does not propose any changes to the polling district boundaries, polling places or polling stations. The polling district boundaries are coterminous with the parish boundaries and within the recommended electorate size allocations. Each polling district votes in a suitable venue within their district.

All polling stations are suitably accessible and have private spaces available.

Kempsey

No changes were made to the Kempsey Ward as a result of the LGBCE's recommendations.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
KMP1	KMP1	Croome D'abitot	78	Earls Croome Village Hall	Single (combined with KMP3)	1	No change	No change
KMP2	KMP2	Kempsey	3337	Kempsey Parish Hall	Double	1	No change	No change
KMP3	KMP3	Severn Stoke	461	Earls Croome Village Hall	Single (combined with KMP1)	1	No change	No change

Kempsey

(Acting) Returning Officer's Comments and Proposals

The ARO does not propose any changes to the polling district boundaries, polling places or polling stations. The polling district boundaries are coterminous with the parish boundaries and within the recommended electorate size allocations. Each polling district votes in a suitable venue within their district. The parish of Kempsey (KMP2) is split across two polling stations, consideration was given to splitting the parish into two polling districts however the ARO considers that it is clearer for administrative purposes for the parish to be a single polling district. There have been no comments or complaints received from staff at the station or voters.

All polling stations are suitably accessible and have private spaces available.

Lindridge

The new Lindridge Ward is formed from the old Lindridge Ward with the addition of Pensax parish. The ward votes in the Tenbury County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
LNR1	LNR1	Bayton	440	Bayton Village Hall	Single	2	Parish in new ward	No change
LNR2	LNR2	Knighton-on-Teme	447	The Knighton-on-Teme Parish Room	Single	1	Parish in new ward	No change
LNR3	LNR3	Lindridge	611	Lindridge Parish Hall	Single (Combined with LNR5)	1	Parish in new ward	Double Station
LNR4	LNR4	Mamble	247	Mamble Village Hall	Single	1	Parish in new ward	No change
LNR5	LNR5	Stockton on Teme	115	Lindridge Parish Hall	Single (combined with LNR3)	1	Parish in new ward	No change
WDY5	LNR6	Pensax	265	Pensax Village Hall/The Bell Inn	Single	1	Parish in new ward	Lindridge Parish Hall

Lindridge

(Acting) Returning Officer's Comments and Proposals

The ARO proposes no changes to the polling district boundaries, polling places and polling stations for LNR1, LNR2, LNR3 and LNR4. Each parish is contained wholly within a single polling district, each polling district has a polling place within the district. Electors from LNR5 vote outside of their polling district at Lindridge Parish Hall, this is the closest suitable venue.

The polling place for LNR6 Pensax (previously WDY5) was Pensax Village Hall. The village hall flooded in 2020 and is no longer in use, the polling place moved to The Bell Inn, Pensax, for the 2021 elections. However, staff at the polling station felt the venue was unsuitable. The ARO proposes the polling place is moved to Lindridge Parish Hall to create a double polling station. LNR3 & LNR5 will be combined to form one station and LNR6 will form another.

No suitable venues are available within the LNR6 polling district, to ensure electors are voting with the rest of their ward the ARO proposes Lindridge Parish Hall as the nearest suitable polling place. The ARO considered several venues outside the polling district including Abberley Village Hall, The Elms Hotel and Spa and Rock Village Hall. The ARO welcomes suggested alternative venues.

All polling stations are suitably accessible and have private spaces available.

Link

The new Link Ward is formed from the old Link Ward, with the addition of Newland Parish and the new Malvern Town Council wards of St. Joseph's and Lygon. St. Joseph's was formally the West Ward and Lygon was formally Priory Ward. The new Link Ward is split between Trinity, Link, Powick and Langland County Divisions.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MLK1	MLK1	Malvern Town Council – Link ward Malvern Hills Trust – Link	1350	The united reform church	Double	1	No change	No change
MLK2	MLK2	Malvern Town Council – Link ward Malvern Hills Trust – Link	1787	The united reform church	Double	1	No change	No change
MLK3	MLK3	Malvern Town Council – Link ward Malvern Hills Trust – Link	1830	Rodway Hall/Isobel Harrison Gardens	Single	2	No change	Rodway Hall

MPR3 (part)	MLK4	Malvern Town Council – Priory ward Malvern Hills Trust – Priory ward	164	Upper Hall, Holy Trinity Church	Single	1	New Polling District – Lygon	Upper Hall, Holy Trinity Church – Double station with MLK5

PWK4	MLK6	Newland (not Malvern Hills Trust)	264	Beauchamp Community	Single (combined with PWK3)	1	No change, parish within new ward	Single Station, PWK3 to vote at Madresfield Working Men’s Club

Link

(Acting) Returning Officer’s Comments and Proposals

The ARO proposes that no changes are made to the polling district boundaries, polling places or polling station for MLK1 and MLK2. No changes are proposed to the polling district boundary of MLK3, the polling place changed from Isobel Harrison Gardens to Rodway Hall due to the pandemic, no concerns or comments were made by staff or voters. The venue was given an access grading of 2 due to the steep driveway access. The ARO proposes that Rodway Hall becomes the permanent designated polling place for MLK3. The ARO welcomes feedback on this proposal.

MLK5 St. Joseph’s is a new polling district formed from the eastern part of MWS1, including properties lining Newtown Road. The new polling district is the new St. Joseph’s Ward of Malvern Town Council. The ward was recommended by the LGBCE due to County division boundaries. The ARO proposes that Upper Hall, Holy Trinity Church become the designated polling place for MLK5 St. Joseph’s. The Upper Hall, Holy Trinity Church is located on the West Ward side of the boundary but is convenient to electors from the new polling district. The polling district votes in the Malvern Trinity County Division.

MLK4 Lygon is a new polling district formed from part of the previous polling district MPR3 following the LGBCE's recommendations. The ARO proposes the designated polling place for MLK4 be Upper Hall, Holy Trinity Church, the station will become a double station with MLK5. The two districts cannot be combined due to them being in different County Divisions and different Town Council wards. The new polling station is convenient and accessible to electors.

Newland Parish is wholly contained within the polling district MLK6 (previously PWK4). The polling station was previously a single station combined with PWK3. The designated polling place for MLK6 will continue to be Beauchamp Community but PWK3 will vote Madresfield Working Men's Club to reduce the risk of administrative errors when combining polling stations in different district wards. A site visit and assessment of the premises will be conducted prior to these changes being presented to the full council meeting on 29 November 2022.

All polling stations are suitably accessible and have private spaces available.

Longdon

The new Longdon Ward is formed from the previous Longdon Ward with the addition of Birtsmorton Parish. The ward votes in the Powick County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
LGD1	LGD1	Berrow	281	Berrow and Pendock Village Hall	Single	1	No change	No venue change, polling station to become single combined with LGD8
LGD2	LGD2	Bushley	229	Bushley Village Hall	Single	1	No change	No change
LGD3	LGD3	Eldersfield	465	Eldersfield Lawn C of E school	Single	1	No change	No change
LGD4	LGD4	Holdfast	41	Longdon Village Hall	Single (combined with LDG5 and LGD7)	1	No change	No change
LGD5	LGD5	Longdon	407	Longdon Village Hall	Single (combined with LDG4 and LGD7)	1	No change	No change

LGD6	LGD6	Pendock	269	Pendock C of E school	Single	1	No change	No change
LGD7	LGD7	Queenhill	47	Longdon Village Hall	Single (combined with LDG5 and LGD4)	1	No change	No change
MRT1	LGD8	Birtsmorton	231	Castlemorton Village Hall	Single (combined with MRT2)	1	No change	Berrow and Pendock Village Hall

Longdon

(Acting) Returning Officer's Comments and Proposals

The ARO proposes that LGD8 Birtsmorton be combined at a single polling station with LGD1 Berrow at Berrow and Pendock Village Hall. Both parishes have a history of being uncontested, the combined electorate is small at fewer than 500 polling station voters. The village hall is conveniently located for voters from LGD8 Birtsmorton.

The ARO proposes the continued use of Pendock C of E school and Eldersfield Lawn C of E school however comments are welcomed as to whether the polling places should be combined into a double station at Berrow and Pendock Village Hall. With one polling station servicing electors from LGD8 Birtsmorton, LGD1 Berrow and LGD6 Pendock and the other serving electors in LGD3 Eldersfield. The polling station would not be as conveniently located for electors, but this proposal would avoid the use of schools.

The parishes are each contained within a single polling district; no changes are proposed to the polling district boundaries.

All polling stations are suitably accessible and have private spaces available.

Martley

The new Martley Ward is formed from the previous Martley Ward with the addition of Cotheridge, Broadwas, Doddenham and Knightwick parishes. All parishes except Doddenham and Knightwick vote in the Hallow County Division, Knightwick and Doddenham vote in the Malvern Link County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
AFL4	MTL6	Knightwick	86	The Talbot at Knightwick	Single (combined with MTL7)	1	No change	No change
AFL3	MTL7	Doddenham	212	The Talbot at Knightwick	Single (combined with MTL6)	1	No change	No change
BRH1	MTL4	Broadwas	317	Broadwas Village Hall	Single (combined with MTL8)	1	No change	No change
BRH2	MTL8	Cotheridge	205	Broadwas Village Hall	Single (combined with MTL8)	1	No change	No change
MTL1	MTL1	Kenswick	57	Broadheath Memorial Hall	Single (combined with BRH3)	1	No change	Wichenford Memorial Hall

MTL2	MTL2	Martley	1112	Martley Memorial Hall	Single	1	No change	No change
MTL3	MTL3	Wichenford	394	Wichenford Memorial Hall	Single	1	No change	No change of venue, combined with MTL1 into single polling station

Martley

(Acting) Returning Officer's Comments and Proposals

Each parish is contained within its own polling district therefore the ARO proposes that no changes are made to the polling district boundaries.

The ARO proposes that MTL1 Kenswick be combined into a single station at Wichenford Memorial Hall, the polling place is slightly further from Broadheath Memorial Hall but will reduce the likelihood of administrative errors if electors vote with the other polling districts in their ward. The ARO welcomes comments on this proposal.

No changes are proposed for the other polling places which are considered to be convenient and accessible to electors. The Talbot at Knightwick is susceptible to flooding however the polling place is conveniently located, the Returning Officer will monitor the risk of flooding locally before each election.

All polling stations are suitably accessible and have private spaces available.

Pickersleigh

The new Pickersleigh Ward is formed from the previous ward, the size of the ward is reduced by the removal of an area to the east and south of the ward, previously MPK1 and MPK3.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MPK3	MPK1	Malvern Town Council – Pickersleigh Malvern Hills Trust – Pickersleigh	787	St. Mary’s Church Hall/Barnard’s Green Cricket Club	Double/Triple	1	Divided to accommodate new boundary ward	Barnards Green Cricket club, new double station
MPK2	MPK2	Malvern Town Council – Pickersleigh Malvern Hills Trust – Pickersleigh	1218	St. Mary’s Church Hall	Double/Triple	1	Minor amendments to southern boundary following LGBCE recommendations	Barnards Green Cricket club, new double station

Pickersleigh

(Acting) Returning Officer's Comments and Proposals

Changes have been made to the polling district boundaries following the LGBCE's review. St Mary's church hall was previously used as a triple polling station for the urban Pickersleigh polling districts, the electorate size became too large for a single venue and could not be used during the pandemic. The ARO proposes that Barnards Green Cricket Club is designated as the polling place for both MPK1 and MPK2. The polling place sits on the boundary between the two polling districts, and both conveniently located for electors and accessible. The cricket club was successfully used as a polling station in 2021.

All polling stations are suitably accessible and have private spaces available.

Powick & the Hanley's

The new Powick & the Hanley's ward is formed from the previous Powick Ward and the northern part of the old Upton & Hanley Ward. Newland Parish Council has moved into the Link Ward. The new ward votes in the Powick County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
PWK1	PWH1	Callow End	1050	Callow End Village Hall	Single	1	No change	No change
PWK5	PWH2	Powick	1761	Powick Parish Hall	Single	1	No change	No change
PWK3	PWH3	Madresfield	124	Beauchamp Community	Single (combined with PWK4)	1	No change	Madresfield Working Men's Club
PWK2	PWH4	Guarlford	219	Guarlford Village Hall	Single	1	No change	No change
UPH1	PWH5	Hanley Castle	1152	Hanley Swan Village Memorial Hall	Single	1	No change	No change

Powick & the Hanley's

(Acting) Returning Officer's Comments and Proposals

No changes have been made to the polling district boundaries across the new ward, each parish is contained within a polling district. The polling place for PWH3 Madresfield was previously Beauchamp Community, during the pandemic Madresfield Working Men's Club was visited by officers and assessed as a suitable alternative venue. Madresfield Working Men's Club was not used as a polling place due to the usual polling station being available however under the new ward boundaries PWH4 is now part of Link Ward and to avoid administrative errors and provide a more conveniently located polling station the ARO proposes that Madresfield Working Men's Club be designated as the polling district for PWH3. Madresfield Working Men's Club has good facilities, parking and is accessible.

All polling stations are suitably accessible and have private spaces available.

Tenbury

The new Tenbury Ward is formed from the previous Tenbury Ward and northern part of the previous Teme Valley Ward, including the parishes of Eastham, Hanley and Stanford with Orleton. The new ward votes in the Tenbury County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
TMV2	TBY8	Eastham	202	Eastham Memorial Hall	Single	1	No change	No change
TMV3	TBY7	Hanley	245	Hanley Village Hall	Single	1	No change	No change
TMV8	TBY9	Stanford with Orleton (PM)	146	Stanford with Orleton Village Hall	Single	1	No change	No change
TBY1	TBY1	Bockleton	155	Stoke Bliss and Kyre Village Hall	Single (combined with TBY2 & TBY4)	1	No change	No change
TBY2	TBY2	Kyre	92	Stoke Bliss and Kyre Village Hall	Single (combined with TBY1 & TBY4)	1	No change	No change
TBY3	TBY3	Rochford	198	Rochford Church Hall		1	No change	No change

TBY4	TBY4	Stoke Bliss	174	Stoke Bliss and Kyre Village Hall	Single (combined with TBY2 & TBY1)	1	No change	No change
TBY5	TBY5	Tenbury Town	2102	The Pump Room	Single	1	No change	No change
TBY6	TBY6	Tenbury Town – St Michaels	301	St Michaels Village Hall	Single	1	No change	No change

Tenbury

(Acting) Returning Officer's Comments and Proposals

The new Tenbury Ward is formed from small parishes, each contained within a single polling district. In addition to two polling districts for the two wards of Tenbury Town Council. Two polling districts vote outside of their district at the closest suitable venue. Three polling districts are combined into a single polling station due to the small electorate size. Consideration was given to combining the stations further, however this is not convenient due to the rural nature of the ward and the County division boundary. The ARO proposes that no polling district boundaries, polling places or polling stations are to be changed.

The ARO notes that The Pump Room has the largest electorate allocation in Malvern Hills District, currently 1843 electors vote in person. This does not exceed the Electoral Commission's maximum of 2500 electors, however ARO will review electorate totals before each poll. The polling place is very well located within the town centre and has good facilities and parking available. This polling place is susceptible to flooding, flood alleviation measures have recently been put in place, but the ARO will monitor any local flooding. The ARO has been unable to identify a suitable alternative venue should The Pump Rooms be unavailable, the closest suitable alternative may be outside of the district, local schools, or St. Michael's Village Hall. The ARO welcomes suggestions for alternative venues in Tenbury Town Centre.

All polling stations are suitably accessible and have private spaces available.

Upper Howsell

The new Upper Howsell Ward is formed from the eastern side of the previous Dyson Perrins Ward, polling districts MDP1 and MDP2. The new ward forms a new ward of Malvern Town Council, also named Upper Howsell. The ward votes in Malvern Trinity County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MDP1	MUH1	Malvern Town Council – Dyson Perrins Malvern Hills Trust – Dyson Perrins	934	Dyson Perrins Leisure Centre/The Church of the Ascension/Somers Park Methodist Church	Double	1	Minor boundary change to accommodate new ward boundary	The Church of the Ascension
MDP2	MUH2	Malvern Town Council – Dyson Perrins Malvern Hills Trust – Dyson Perrins	1241	Dyson Perrins Leisure Centre/The Church of the Ascension/Somers Park Methodist Church	Double	1	Minor boundary change to accommodate new ward boundary	The Church of the Ascension

Upper Howsell

(Acting) Returning Officer's Comments and Proposals

The ARO proposes minor changes to the existing polling district boundaries to accommodate the movement of a small number of properties into the new West Ward, as per the LGBCE's recommendations. Both polling districts share a polling place, the venue has changed on several occasions due to the pandemic and venue availability. The ARO proposes that the Church of the Ascension is designated as the polling place following recent successful by-elections held at the venue. The Church of the Ascension is conveniently located for electors from both polling districts. The double station will continue to be used due to the size of the electorate.

All polling stations are suitably accessible and have private spaces available.

Upton & Ripple

The new Upton & Ripple ward is formed from the old Ripple ward and the southern part of Upton and Hanley. All parishes vote in Croome County Division.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
RPL3	URP1	Ripple(part)	426	Ripple Parish Hall	Single	1	No change	No change
RPL4	URP5	Ripple(part)	804	The Blue Bell, Ryall Grove	Single	1	No change	No change
RPL1	URP6	Earls Croome	191	Earls Croome Village Hall	Single (combined with RPL2)	1	No change	No change
RPL2	URP7	Hill Croome	132	Earls Croome Village Hall	Single (combined with RPL1)	1	No change	No change
UPH2	URP2	Upton upon Severn (Hook)	189	The Upton Hill Centre	Single (combined with UPH3)	1	No change	No change
UPH3	URP3	Upton upon Severn (Longdon Heath)	734	The Upton Hill Centre	Single (combined with UPH2)	1	No change	No change

UPH4	URP4	Upton upon Severn (Town ward)	1475	Upton-upon- Severn library	Single	1	No change	No change
------	------	----------------------------------	------	-------------------------------	--------	---	-----------	-----------

Upton & Ripple

(Acting) Returning Officer's Comments and Proposals

Ripple parish is split into two polling districts URP1 and URP5 as the parish has two distinct population centres: Ryall and Ripple. The ARO proposes that no changes are made to the polling district boundaries, polling places or polling stations. Each parish or parish ward is contained within its own polling district, except Ripple which is divided amongst two polling districts with the boundary drawn along the edge of the urban Ryall area. The polling places are conveniently located and have small electorate sizes, therefore combining stations does not materially affect the electors.

All polling stations are suitably accessible and have private spaces available.

West

The new West Ward is formed from the previous West Ward and western area of the old Dyson Perrins Ward, MDP3. The boundary to the east of the ward has changed to accommodate the new St. Joseph's Ward of Malvern Town Council, an area which moves into the new Link Ward.

Previous Polling District	New Polling District	Parish & Malvern Hills Trust (ward)	Electorate (Including postal voters)	Polling Place	Polling station	Accessible (1 – 3)	Changes due to boundary review	New polling place
MDP3	MWS2	Malvern Town – Dyson Perrins Malvern Hills Trust – Dyson Perrins	1300	Malvern Vale Community Centre	Single	1	New parish ward - Malvern Town Council West ward. Properties to the west of the old polling district moved.	No change
MWS2	MWS3	West Malvern	1074	West Malvern Village Hall	Single	1	No Change	No change
MWS1	MWS1	Malvern Town – North Malvern Malvern Hills Trust – West	1820	Scout Hut, Cowleigh Bank	Double	2	New parish ward – Malvern Town Council West ward Changes to the eastern boundary	No change

West

(Acting) Returning Officer's Comments and Proposals

The polling district of MDP3 has joined the new West Ward of the District Council and Malvern Town Council. The boundaries of the new wards are coterminous. Properties to the east of the old West ward move into the new Upper Howsell Ward following the new ward boundary along Leigh Sinton Road. The ARO does not propose any changes to the polling place.

The boundary to the east of MWS1 has changed to accommodate the new St. Joseph's Malvern Town Council Ward, properties along Newtown Road move into the new town council ward and Link district ward. The designated polling place for MWS1, the Scout Hut, is in need of repair and renovation however the ARO cannot identify an alternative suitable venue within the polling district or neighbouring polling districts. Consideration was given to designating Northleigh C of E Primary School as a polling place, but the ARO wishes to avoid the use of schools wherever possible. Consideration was given to creating a double station at Malvern Vale Community Centre for both MWS1 & MWS2, but the new polling place was not considered to be convenient for voters from MWS1. The ARO welcomes suggested alternative venues.

No changes are proposed to the polling district boundaries, polling place or polling station for MWS3. The parish is wholly contained within the polling district and the polling place is convenient for voters.

All polling stations are suitably accessible and have private spaces available.

Malvern Hills Trust (Malvern Hills Conservators)

Malvern Hills Trust (working name of the Malvern Hills Conservators) was established by the Malvern Hills Act of Parliament (1884). It's powers, responsibilities and governance are set out in the act and subsequent legislation. Under those acts the Trust has levy raising power, the levy paying areas are defined by parish. The LGBCE's final recommendations do not change the external boundaries of parishes, therefore the areas paying the levy will not change as a result of the review.

The residents within the Trust area vote for representatives to the Trust, known as Trustees or Conservators. Scheduled elections are held every 4 years, the Malvern Hills Act 1924 legislates that the elections run on district election rules. Malvern Hills District Council runs elections on behalf of the Trust, the Trust's CEO acts as Returning Officer. The voting wards of the Trust are defined

in legislation as the Malvern Urban/Upton upon Severn Rural District Council Wards. These wards became part of Malvern Hills District Council in 1972, the relevant wards are: **West Malvern, Dyson Perrins, Pickersleigh, Priory, Chase, Link and Malvern Wells.**

The LGBCE's recommendations make changes to the District Wards with voting rights, Malvern Hills Trust are seeking legal advice on the implications of the boundary review for their elections and levy payers. The next scheduled Malvern Hills Trust election is October 2023.

Appendix 1: Consultation Response Form – Review of polling districts, polling places and polling stations 2022

All representations or comments in connection with the review must be submitted in writing, either online, by letter or email. This form is not compulsory, but it has been designed to help capture the information required for consideration during the review.

Information shown in the grey boxes will be redacted (blacked out) prior to publication.
