Proposed Neighbourhood Green Space at Hayslan Fields Malvern

Please use the space below to make comments on this part of the Neighbourhood Plan.

I welcome the Malvern Town Neighbourhood Plan and am especially pleased that it complements the existing SWDP to provide a coherent strategy for the future of the town.

I am also fully in favour of the inclusion of Neighbourhood Green Spaces for communities in the area. In particular, I am happy to see that Hayslan Fields has been designated as such. I feel that keeping this space available for all is essential to the town for numerous different reasons.

Viewed from The Hills, it is pleasing to see green pockets such as Hayslan Fields still exist and that over-development has not ruined this part of the town. The Fields themselves offer respite from the busy surroundings for both local residents and visitors alike. They are a sanctuary for wildlife and fulfil in some small part our duty to help protect the environment.

As a way into town, these fields offer a safe route and provide some of the best uninterrupted views in the area.

I continue to enjoy walking through these fields and am glad that they are being afforded protection under this plan so that many others can continue to enjoy or even newly discover the peace and sense of well-being that this beautiful area exudes.

Please use a separate form for each representation.
