The South Worcestershire Councils (SWC) are committed to producing a **Planning for Health Supplementary Planning Document (SPD)** to provide communities and organisations with greater support to take positive action to improve their health and wellbeing, and to encourage more positive forms of participation in healthier environments, whilst planning for and creating healthier developments. This is the first stage in the production of the SPD. The response form seeks comments that correspond to the paragraphs and sections of the Health SPD. Responses to this consultation will help to inform the final version of the SPD which the SWC aim to adopt in May 2017.

Please respond online if possible via the consultation portal at:
